Attendees: Gary Leavitt, John Anderson, and Adam Weissberger. Also present David R. Ignatowicz, Director, Water Pollution Control; Arnie Bevins, Assistant Director, Water Pollution Control; George Rostkowski, Business Manager and Peter Williams, Ellington WPCA Administrator

CALL TO ORDER

The meeting was called to order at 7:31p.m. by acting Chairman John Anderson.

PUBLIC COMMENT

Mr. Williams introduced himself to Mr. Weissberger.

MINUTES OF JANUARY 28, 2010 REGULAR MEETING

Mr. Weissberger, seconded by Mr. Leavitt moved to accept the minutes of the January 28, 2010 WPCA regular meeting as presented. The motion carried.

WASTEWATER TREATMENT PLANT REPORT

Mr. Bevins reported that the air diffuser upgrade is moving along and the diffusers will arrive at the treatment plant in April. Regarding ongoing discussions between the EPA and CT DEP for the necessity of low phosphorus limits, Mr. Bevins said that phosphorus limits may be reduced. Mr. Bevins reported on mass metal levels at the treatment plant and said that the ConServ lighting upgrade should be completed within the next two weeks. Mr. Bevins said that bearings need to be redone on a 400 hp motor housed on an aeration blower.

Mr. Ignatowicz reported that for the fourth time in FY 09-10 there has been a broken water line at the treatment plant. Currently, approximately \$15,000 has been spent to repair the leaks and sewer user charges will also be incurred. The water pipes are located 6-7 feet below the surface he said and the 15 year old black plastic pipes may have to be replaced by copper piping in the future. Mr. Ignatowicz said that the leaks were realized after invoices were received from the water company; water was not visible at the plant. Mr. Leavitt said that the bedding of the pipes could be the issue.

Regarding a letter dated January 28, 2010 from DEP Supervising Sanitary Engineer Dennis Greci to WPCA Vice-Chairman Melissa Shannon concerning staffing at the Wastewater Treatment Plant, Mr. Ignatowicz said that this issue is being rectified. Mayor McCoy has sent letters to three qualified individuals who are currently employed at the town's Public Works and Parks & Recreation departments. They are scheduled to begin work on March 15th Mr. Ignatowicz said.

Mr. Ignatowicz reported that a leak in the conference room roof was found and has been repaired.
